

## HOW PLAYOFF MONTH WORKS

**How do I get points?** Points are awarded based on finishing position in the daily event. For the first three events each member of the team will receive the same number of points.

**How will I know how many points I will get?** The table of points are displayed alongside each event.

**What happens when there are ties?** The point table will remain the reference point. See example below:

1st = Team A - 65 Nett (10 points each)

t2nd = Team B - 66 Nett (9 points each)

t2nd = Team C - 66 Nett (9 points each)

4th = Team D - 67 Nett (7 points each)

**Is there a separate event for Men and Ladies?** Yes. Weeks 1 & 3 are medley events (anyone can play with anyone) and Weeks 2 & 4 are separate Men's & Ladies events.

**What does Mary get if she plays with three Men in Week 1 and they finish 7th?** Mary and her three team mates will all receive 4 points each. If the top six teams had no ladies in them then Mary would be leading the ladies Playoff with her 4 points.

**What if two people tie to be Playoff Champion?**

The final event (single stableford) will be used for countback purposes in order of last 18, 9, 6, 3, & final hole backwards until a winner is declared.

**What happens if I can't play all four events?** No worries, the Playoff Champion is the aggregate total of points so although it is an advantage to play all four events it is not necessary.

**Do I need a handicap to get points?** Yes. The Playoff champion must have a GA handicap and for the three team events all participants must have a GA handicap as well.
